

Description

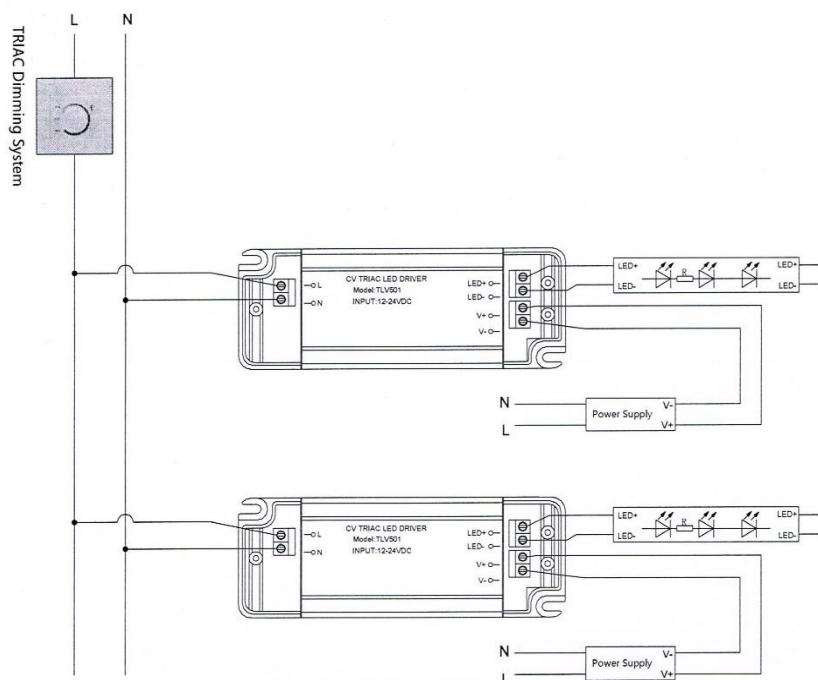

**Low voltage one channel PWM LED dimmer
controlled by Triac/Phase cut**

Technical Specifications

Input Voltage	DC 12-24V
Max. PWM output power	120W by 12V 240W at 24V
Dimming range	0-100%
Dim control input	Triac/ phase cut AC 40-220V
Max. operating output current	10A
Type of protection	IP20
Ambient temperature range	-20 to 40°C
Dimensions LxWxH	122x45x27 mm
Product weight	96g
Number of controlled outputs	1
